Station PUTTUR; , *Dated the* 2nd OCTOBER 1929.

From (Name) M. R. Ry. Molahalli Shiva Rao, Avl.,
PRESIDENT;
(Designation) Taluk Board, Puttur, South Kanara Dt.

To The Secretary to the Government of Madras,
LOCAL SELF GOVERNMENT(P.HEALTH) Department.
Fort Saint George, Madras.

Through,
The President, District Board,
South Kanara - Mangalore.

Sir,

Adverting to G.O.No.2047, P.H., dated 19th Aug.29 issuing a revised list of medical institutions in regard to which local bodies are eligible to draw percentage contribution from Government towards the pay of the medical Officers employed therein, I find that the Dispensaries at Kadaba (formerly at Panja) and Sampaje have been omitted and ---- respectfully request that the Dispensaries may be added to the list.

2. Both these Dispensaries were opened in consequence of the taking over of the taluk head-quarter hospital at Puttur by Government in May 1928. The Sampaje Dispensary

was opened on 14-7-1928 and the Kadaba (Panja) Dispensary on 2-8-1928. The Medical Officers of both the dispensaries have been doing the services referred to in para 2 of the above mentioned Government Order and my taluk board is therefore entitled to get the percentage contribution at the usual rate. I claimed such contribution but it has been disallowed. Hence I solicit special orders of Government sanctioning such payment from the time the institutions were started.

3. In para 2 of G.O.No.4712, L&M., dated 27-11-1928, the compassionate grant to this taluk board was reduced in consequence of the saving from the taking over of the Puttur Hospital by Government. I moved for a reconsideration of this order and after prolonged correspondence and consideration, Government passed orders in G.O.No.2253, P.H., dated 13-9-1929(M.S) declining to disturb the former order but advising to apply to the District Board for the money required to run the Dispensaries. I am taking further steps in the matter, so as to secure funds to continue both the dispensaries.

4. The revised list of medical institutions issued now adversely affects both the institutions by the omission of their names. Both the Dispensaries, as has been stated already, have been rendering and will continue to render all the services for which the percentage contributions is made and yet the exclusion of the two dispensaries would practically mean that such services will not be paid for. Obviously, this could not have been the intention of Government and I therefore hasten to point out the omission.

5. In Kadaba especially, there is a Police station and the services of the Medical Officer are availed of by the Police very frequently and within the one year and odd of the opening of the Dispensaries he has had to attend the Magistrates' and the Sessions Court as a witness in a number of criminal cases. That being so, it cannot be the intention of Government that the past services should not be paid for and that as regards the future he should decline to render such services. The Dispensary has supplied a keenly felt want and the Police have been largely

largely instrumental in its being shifted from Panja where it was started to Kadaba where it is now. Whether Government -- gives a grant to run the dispensary or not, is quite a different question. The point is whether so long as the dispensaries are run the services rendered should not be paid for by Government. My submission is that they should be and there is no conceivable reason to the contrary.

6. I request therefore that Government may be pleased to sanction payment of the percentage contributions in regard to both the Sampaje and Kadaba Dispensaries from their opening until and so long as they are kept running.

Your most obedient Servant.

President,
Puttur Taluk Board.
